Amendment (with title amendment)
Remove everything after the enacting clause and insert:
Section 1. Section 395.301, Florida Statutes, is amended to read:

395.301 Price transparency; itemized patient statement or bill; form and content prescribed by the agency; patient admission status notification.—
(1) A facility licensed under this chapter shall provide timely and accurate financial information and quality of service measures to prospective and actual patients of the facility, or to patients' survivors or legal guardians, as appropriate. Such information shall be provided in accordance with this section and rules adopted by the agency pursuant to this chapter and s.
408.05. Licensed facilities operating exclusively as state facilities are exempt from this subsection.

(a) Each licensed facility shall make available to the public on its website information on payments made to that facility for defined bundles of services and procedures. The payment data must be presented and searchable in accordance with, and through a hyperlink to, the system established by the agency and its vendor using the descriptive service bundles developed under s. 408.05(3)(c). At a minimum, the facility shall provide the estimated average payment received from all payors, excluding Medicaid and Medicare, for the descriptive service bundles available at that facility and the estimated payment range for such bundles. Using plain language comprehensible to an ordinary layperson, the facility must disclose that the information on average payments and the payment ranges is an estimate of costs that may be incurred by the patient or prospective patient and that actual costs will be based on the services actually provided to the patient. The facility shall also assist the consumer in accessing his or her health insurer's or health maintenance organization's website for information on estimated copayments, deductibles, and other cost-sharing responsibilities. The facility's website must:

1. Identify and post the names and hyperlinks for direct access to the websites of all health insurers and health maintenance organizations for which the facility is a network provider or preferred provider.
2. Provide information to uninsured patients and insured patients whose health insurer or health maintenance organization does not include the facility as a network provider or preferred provider on the facility's financial assistance policy, including the application process, payment plans, and discounts and the facility's charity care policy and collection procedures.

3. Notify patients and prospective patients that services may be provided in the health care facility by the facility as well as by other health care providers who may separately bill the patient and that such health care providers may or may not participate with the same health insurers or health maintenance organizations as the facility.

4. Inform patients and prospective patients that they may request from the facility and other health care practitioners a more personalized estimate of charges and other information, and inform patients that they should contact each health care practitioner who will provide services in the hospital to determine which health insurers and health maintenance organizations he or she participates as a network provider or preferred provider.

5. Provide the names, mailing addresses, and telephone numbers of the health care practitioners and medical practice groups with which it contracts to provide services in the facility and instructions on how to contact the practitioners and groups to determine the health insurers and health

maintenance organizations with which they participate as a network provider or preferred provider.

(b)1. Upon request, and before providing any nonemergency medical services, each licensed facility shall provide a written, good faith estimate of reasonably anticipated charges by the facility for the treatment of the patient's or prospective patient's specific condition. The facility must provide the estimate in writing to the patient or prospective patient within 7 business days after receipt of the request and is not required to adjust the estimate for any potential insurance coverage. The estimate may be based on the descriptive service bundles developed by the agency under s. 408.05(3)(c) unless the patient or prospective patient requests a more personalized and specific estimate that accounts for the specific condition and characteristics of the patient or prospective patient. The facility shall inform the patient or prospective patient that he or she may contact his or her health insurer or health maintenance organization for additional information concerning cost-sharing responsibilities.

2. In the estimate, the facility shall provide to the patient or prospective patient information on the facility's financial assistance policy, including the application process, payment plans, and discounts and the facility's charity care policy and collection procedures.

3. The estimate shall clearly identify any facility fees and, if applicable, include a statement notifying the patient or

Amendment No.

prospective patient that a facility fee is included in the
estimate, the purpose of the fee, and that the patient may pay
less for the procedure or service at another facility or in
another health care setting.

4. Upon request, the facility shall notify the patient or
prospective patient of any revision to the estimate.

5. In the estimate, the facility must notify the patient
or prospective patient that services may be provided in the
health care facility by the facility as well as by other health
care practitioners who may separately bill the patient.

6. The facility shall take action to educate the public
that such estimates are available upon request.

7. Failure to timely provide the estimate pursuant to this
paragraph shall result in a daily fine of $1,000 until the
estimate is provided to the patient or prospective patient. The
total fine shall not exceed $10,000.

The provision of an estimate does not preclude the actual
charges from exceeding the estimate.

(c) Each facility shall make available on its website a
hyperlink to the health-related data, including quality measures
and statistics, that are disseminated by the agency pursuant to
s. 408.05. The facility shall also take action to notify the
public that such information is electronically available and
provide a hyperlink to the agency's website.
Amendment No.

(d)1. Upon request, and after the patient's discharge or release from a facility, the facility must provide an itemized bill upon request. Within 7 days following the patient's discharge or release from a licensed facility not operated by the state, the licensed facility providing the service shall, upon request, submit to the patient, or to the patient's survivor or legal guardian, as may be appropriate, an itemized statement or bill detailing in plain language comprehensible to an ordinary layperson the specific nature of charges or expenses incurred by the patient, which in the initial statement or bill billing shall be provided within 7 days after the patient's discharge or release. The initial statement or bill must contain a statement of specific services received and expenses incurred by date and provider for such items of service, enumerating in detail as prescribed by the agency the constituent components of the services received within each department of the licensed facility and including unit price data on rates charged by the licensed facility, as prescribed by the agency. The statement or bill must also clearly identify any facility fee and explain the purpose of the fee. The statement or bill must identify each item as paid, pending payment by a third party, or pending payment by the patient and must include the amount due, if applicable. If an amount is due from the patient, a due date must be included. The

Amendment No.

Initial statement or bill must direct the patient or the patient's survivor or legal guardian, as appropriate, to contact the patient's insurer or health maintenance organization regarding the patient's cost-sharing responsibilities.

2. Any subsequent statement or bill provided to a patient or to the patient's survivor or legal guardian, as appropriate, relating to the episode of care must include all of the information required by subparagraph 1., with any revisions clearly delineated.

(e)(2)(a) Each such statement or bill provided pursuant to this subsection section:

1. Must May not include notice charges of hospital-based physicians and other health care providers who bill if billed separately.

2. May not include any generalized category of expenses such as "other" or "miscellaneous" or similar categories.

3. Must Shall list drugs by brand or generic name and not refer to drug code numbers when referring to drugs of any sort.

4. Must Shall specifically identify physical, occupational, or speech therapy treatment by as to the date, type, and length of treatment when such therapy treatment is a part of the statement or bill.

(b) Any person receiving a statement pursuant to this section shall be fully and accurately informed as to each charge and service provided by the institution preparing the statement.
(2)(3) On each itemized statement or bill submitted pursuant to subsection (1) there shall appear the words "A FOR-PROFIT (or NOT-FOR-PROFIT or PUBLIC) HOSPITAL (or AMBULATORY SURGICAL CENTER) LICENSED BY THE STATE OF FLORIDA" or substantially similar words sufficient to identify clearly and plainly the ownership status of the licensed facility. Each itemized statement or bill must prominently display the telephone number of the medical facility's patient liaison who is responsible for expediting the resolution of any billing dispute between the patient, or the patient's survivor or legal guardian, his or her representative, and the billing department.

(4) An itemized bill shall be provided once to the patient's physician at the physician's request, at no charge.

(5) In any billing for services subsequent to the initial billing for such services, the patient, or the patient's survivor or legal guardian, may elect, at his or her option, to receive a copy of the detailed statement of specific services received and expenses incurred for each such item of service as provided in subsection (1).

(6) No physician, dentist, podiatric physician, or licensed facility may add to the price charged by any third party except for a service or handling charge representing a cost actually incurred as an item of expense; however, the physician, dentist, podiatric physician, or licensed facility is entitled to fair compensation for all professional services.
rendered. The amount of the service or handling charge, if any, shall be set forth clearly in the bill to the patient.

(7) Each licensed facility not operated by the state shall provide, prior to provision of any nonemergency medical services, a written good faith estimate of reasonably anticipated charges for the facility to treat the patient's condition upon written request of a prospective patient. The estimate shall be provided to the prospective patient within 7 business days after the receipt of the request. The estimate may be the average charges for that diagnosis related group or the average charges for that procedure. Upon request, the facility shall notify the patient of any revision to the good faith estimate. Such estimate shall not preclude the actual charges from exceeding the estimate. The facility shall place a notice in the reception area that such information is available. Failure to provide the estimate within the provisions established pursuant to this section shall result in a fine of $500 for each instance of the facility's failure to provide the requested information.

(8) Each licensed facility that is not operated by the state shall provide any uninsured person seeking planned nonemergency elective admission a written good faith estimate of reasonably anticipated charges for the facility to treat such person. The estimate must be provided to the uninsured person within 7 business days after the person notifies the facility and the facility confirms that the person is uninsured. The
estimate may be the average charges for that diagnosis-related group or the average charges for that procedure. Upon request, the facility shall notify the person of any revision to the good faith estimate. Such estimate does not preclude the actual charges from exceeding the estimate. The facility shall also provide to the uninsured person a copy of any facility discount and charity care discount policies for which the uninsured person may be eligible. The facility shall place a notice in the reception area where such information is available. Failure to provide the estimate as required by this subsection shall result in a fine of $500 for each instance of the facility's failure to provide the requested information.

(3) If a licensed facility places a patient on observation status rather than inpatient status, observation services shall be documented in the patient's discharge papers. The patient or the patient's survivor or legal guardian proxy shall be notified of observation services through discharge papers, which may also include brochures, signage, or other forms of communication for this purpose.

(4) A licensed facility shall make available to a patient all records necessary for verification of the accuracy of the patient's statement or bill within 10 business days after the request for such records. The records verification information must be made available in the facility's offices and through electronic means that comply with the Health Insurance Portability and Accountability Act of 1996 (HIPAA). Such records
must be available to the patient before prior to and after payment of the statement or bill or claim. The facility may not charge the patient for making such verification records available; however, the facility may charge its usual fee for providing copies of records as specified in s. 395.3025.

(5) Each facility shall establish a method for reviewing and responding to questions from patients concerning the patient's itemized statement or bill. Such response shall be provided within 7 business 30 days after the date a question is received. If the patient is not satisfied with the response, the facility must provide the patient with the contact information for address of the agency to which the issue may be sent for review.

(12) Each licensed facility shall make available on its Internet website a link to the performance outcome and financial data that is published by the Agency for Health Care Administration pursuant to s. 408.05(3)(k). The facility shall place a notice in the reception area that the information is available electronically and the facility's Internet website address.

Section 2. Section 395.107, Florida Statutes, is amended to read:

395.107 Facilities Urgent care centers; publishing and posting schedule of charges; penalties.-

(1) For purposes of this section, "facility" means:

(a) An urgent care center as defined in s 395.002; or
(b) A diagnostic-imaging center operated by a hospital licensed under this chapter which is not located on the hospital's premises.

(2) A facility urgent care center must publish and post a schedule of charges for the medical services offered to patients.

(3) The schedule of charges must describe the medical services in language comprehensible to a layperson. The schedule must include the prices charged to an uninsured person paying for such services by cash, check, credit card, or debit card. The schedule must be posted in a conspicuous place in the reception area and must include, but is not limited to, the 50 services most frequently provided. The schedule may group services by three price levels, listing services in each price level. The posting may be a sign, which must be at least 15 square feet in size, or may be through an electronic messaging board. If a facility urgent care center is affiliated with a hospital under this chapter, the schedule must include text that notifies the insured patients whether the charges for medical services received at the center will be the same as, or more than, charges for medical services received at the affiliated hospital. The text notifying the patient of the schedule of charges shall be in a font size equal to or greater than the font size used for prices and must be in a contrasting color. The text that notifies the insured patients whether the charges for medical services received at the center will be the
Amendment No.
same as, or more than, charges for medical services received at
the affiliated hospital shall be included in all media and
Internet advertisements for the center and in language
comprehensible to a layperson.

(4) The posted text describing the medical services
must fill at least 12 square feet of the posting. A facility
center may use an electronic device or messaging board to post
the schedule of charges. Such a device must be at least 3 square
feet, and patients must be able to access the schedule during
all hours of operation of the facility urgent care center.

(5) A facility urgent care center that is operated
and used exclusively for employees and the dependents of
employees of the business that owns or contracts for the
facility urgent care center is exempt from this section.

(6) The failure of a facility urgent care center to
publish and post a schedule of charges as required by this
section shall result in a fine of not more than $1,000, per day,
until the schedule is published and posted.

Section 3. Section 408.05, Florida Statutes, is amended to
read:

408.05 Florida Center for Health Information and
Transparency Policy Analysis.—

(1) ESTABLISHMENT.—The agency shall establish and maintain
a Florida Center for Health Information and Transparency to
collect, compile, coordinate, analyze, index, and disseminate

health information system to provide for the collection, compilation, coordination, analysis, indexing, dissemination, and utilization of both purposefully collected and extant health-related data and statistics. The center shall be staffed as with public health experts, biostatisticians, information system analysts, health policy experts, economists, and other staff necessary to carry out its functions.

(2) HEALTH-RELATED DATA.—The comprehensive health information system operated by the Florida Center for Health Information and Transparency Policy Analysis shall identify the best available data sets, compile new data when specifically authorized, sources and promote the use coordinate the compilation of extant health-related data and statistics. The center must maintain any data sets in existence before July 1, 2016, unless such data sets duplicate information that is readily available from other credible sources, and may and purposefully collect or compile data on:

  (a) The extent and nature of illness and disability of the state population, including life expectancy, the incidence of various acute and chronic illnesses, and infant and maternal morbidity and mortality.

  (b) The impact of illness and disability of the state population on the state economy and on other aspects of the well-being of the people in this state.

  (c) Environmental, social, and other health hazards.

In order to disseminate and facilitate the availability of comparable and uniform health information and statistics for the development of policy recommendations, the agency shall perform the following functions:

(a) Collect and compile information on and coordinate the activities of state agencies involved in providing the design and implementation of the comprehensive health information to consumers system.

(b) Promote data sharing through dissemination of state-collected health data by making such data available, transferable, and readily usable. Undertake research, development, and evaluation respecting the comprehensive health information system.

(c) Contract with a vendor to provide a consumer-friendly, Internet-based platform that allows a consumer to research the cost of health care services and procedures and allows for price comparison. The Internet-based platform must allow a consumer to search by condition or service bundles that are comprehensible to an ordinary layperson and may not require registration, a security password, or user identification. The vendor shall also establish and maintain a Florida-specific data set of health care claims information available to the public and any interested party. The agency shall actively oversee the vendor to ensure compliance with state law. The vendor must be a nonprofit research institute that is qualified under s. 1874 of
the Social Security Act to receive Medicare claims data and that receives claims, payment, and patient cost-share data from multiple private insurers nationwide. The vendor must have:

1. A national database consisting of at least 15 billion claim lines of administrative claims data from multiple payors capable of being expanded by adding third-party payors, including employers with health plans covered by the Employee Retirement Income Security Act of 1974 (ERISA).

2. A well-developed methodology for analyzing claims data within defined service bundles.

3. A bundling methodology that is available in the public domain to allow for consistency and comparison of state and national benchmarks with local regions and specific providers.

(d) Design a patient safety culture survey or surveys to be completed annually by each hospital and ambulatory surgical center licensed under chapter 395. The survey or surveys shall be anonymous to encourage staff employed by or working in the facility to complete the survey. The survey or surveys shall be designed to measure aspects of patient safety culture, including frequency of adverse events, quality of handoffs and transitions, comfort in reporting a potential problem or error, the level of teamwork within hospital units and the facility as a whole, staff compliance with patient safety regulations and guidelines, staff perception of facility support for patient safety, and staff opinions on whether they would undergo a health care service or procedure at the facility. The agency
shall review and analyze nationally recognized patient safety culture survey products, including, but not limited to, the patient safety surveys developed by the federal Agency for Healthcare Research and Quality, to develop the patient safety culture survey. This paragraph does not apply to licensed facilities operating exclusively as state facilities.

(e) Review the statistical activities of state agencies to ensure that they are consistent with the comprehensive health information system.

(e) Develop written agreements with local, state, and federal agencies to facilitate the sharing of data related to health care-related data or using the facilities and services of such agencies. State agencies, local health councils, and other agencies under state contract shall assist the center in obtaining, compiling, and transferring health-care-related data maintained by state and local agencies. Written agreements must specify the types, methods, and periodicity of data exchanges and specify the types of data that will be transferred to the center.

(e) Establish by rule:

(1) The types of data collected, compiled, processed, used, or shared.

2. Requirements for implementation of the consumer-friendly, Internet-based platform created by the contracted vendor under paragraph (c).
3. Requirements for the submission of data by insurers pursuant to s. 627.6385 and health maintenance organizations pursuant to s. 641.54 to the contracted vendor under paragraph (c).

4. Requirements governing the collection of data by the contracted vendor under paragraph (c).

5. How information is to be published on the consumer-friendly, Internet-based platform created under paragraph (c) for public use. Decisions regarding center data sets should be made based on consultation with the State Consumer Health Information and Policy Advisory Council and other public and private users regarding the types of data which should be collected and their uses. The center shall establish standardized means for collecting health information and statistics under laws and rules administered by the agency.

(g) Consult with contracted vendors, the State Consumer Health Information and Policy Advisory Council, and other public and private users regarding the types of data that should be collected and the use of such data.

(h) Monitor data collection procedures and test data quality to facilitate the dissemination of data that is accurate, valid, reliable, and complete.

(f) Establish minimum health-care-related data sets which are necessary on a continuing basis to fulfill the collection requirements of the center and which shall be used by state agencies in collecting and compiling health-care-related data.
The agency shall periodically review ongoing health care data collections of the Department of Health and other state agencies to determine if the collections are being conducted in accordance with the established minimum sets of data.

(g) Establish advisory standards to ensure the quality of health statistical and epidemiological data collection, processing, and analysis by local, state, and private organizations.

(h) Prescribe standards for the publication of health care-related data reported pursuant to this section which ensure the reporting of accurate, valid, reliable, complete, and comparable data. Such standards should include advisory warnings to users of the data regarding the status and quality of any data reported by or available from the center.

(i) Develop Prescribe standards for the maintenance and preservation of the center's data. This should include methods for archiving data, retrieval of archived data, and data editing and verification.

(j) Ensure that strict quality control measures are maintained for the dissemination of data through publications, studies, or user requests.

(j)(k) Make Develop, in conjunction with the State Consumer Health Information and Policy Advisory Council, and implement a long-range plan for making available health care quality measures and financial data that will allow consumers to compare outcomes and other performance measures for health care.

services. The health care quality measures and financial data
the agency must make available include, but are not limited to,
pharmaceuticals, physicians, health care facilities, and health
plans and managed care entities. The agency shall update the
plan and report on the status of its implementation annually.
The agency shall also make the plan and status report available
to the public on its Internet website. As part of the plan, the
agency shall identify the process and timeframes for
implementation, barriers to implementation, and recommendations
of changes in the law that may be enacted by the Legislature to
eliminate the barriers. As preliminary elements of the plan, the
agency shall:

1. Make available patient-safety indicators, inpatient
quality indicators, and performance outcome and patient charge
data collected from health care facilities pursuant to s.
408.061(1)(a) and (2). The terms "patient-safety indicators" and
"inpatient quality indicators" have the same meaning as that
ascribed by the Centers for Medicare and Medicaid Services, an
accrediting organization whose standards incorporate comparable
regulations required by this state, or a national entity that
establishes standards to measure the performance of health care
providers, or by other states. The agency shall determine which
conditions, procedures, health care quality measures, and
patient charge data to disclose based upon input from the
council. When determining which conditions and procedures are to
be disclosed, the council and the agency shall consider
When determining which health care quality measures to disclose, the agency:

a. Shall consider such factors as volume of cases; average patient charges; average length of stay; complication rates; mortality rates; and infection rates, among others, which shall be adjusted for case mix and severity, if applicable.

b. May consider such additional measures that are adopted by the Centers for Medicare and Medicaid Studies, an accrediting organization whose standards incorporate comparable regulations required by this state, the National Quality Forum, the Joint Commission on Accreditation of Healthcare Organizations, the Agency for Healthcare Research and Quality, the Centers for Disease Control and Prevention, or a similar national entity that establishes standards to measure the performance of health care providers, or by other states.

When determining which patient charge data to disclose, the agency shall include such measures as the average of undiscounted charges on frequently performed procedures and preventive diagnostic procedures, the range of procedure charges from highest to lowest, average net revenue per adjusted patient day, average cost per adjusted patient day, and average cost per admission, among others.

2. Make available performance measures, benefit design, and premium cost data from health plans licensed pursuant to
health care quality measures and member and subscriber cost data to disclose, based upon input from the council. When determining which data to disclose, the agency shall consider information that may be required by either individual or group purchasers to assess the value of the product, which may include membership satisfaction, quality of care, current enrollment or membership, coverage areas, accreditation status, premium costs, plan costs, premium increases, range of benefits, copayments and deductibles, accuracy and speed of claims payment, credentials of physicians, number of providers, names of network providers, and hospitals in the network. Health plans shall make available to the agency such data or information that is not currently reported to the agency or the office.

3. Determine the method and format for public disclosure of data reported pursuant to this paragraph. The agency shall make its determination based upon input from the State Consumer Health Information and Policy Advisory Council. At a minimum, the data shall be made available on the agency's Internet website in a manner that allows consumers to conduct an interactive search that allows them to view and compare the information for specific providers. The website must include such additional information as is determined necessary to ensure that the website enhances informed decisionmaking among consumers and health care purchasers, which shall include, at a
minimum, appropriate guidance on how to use the data and an explanation of why the data may vary from provider to provider.

4. Publish on its website undiscounted charges for no fewer than 150 of the most commonly performed adult and pediatric procedures, including outpatient, inpatient, diagnostic, and preventative procedures.

(4) TECHNICAL ASSISTANCE.

(a) The center shall provide technical assistance to persons or organizations engaged in health planning activities in the effective use of statistics collected and compiled by the center. The center shall also provide the following additional technical assistance services:

1. Establish procedures identifying the circumstances under which, the places at which, the persons from whom, and the methods by which a person may secure data from the center, including procedures governing requests, the ordering of requests, timeframes for handling requests, and other procedures necessary to facilitate the use of the center's data. To the extent possible, the center should provide current data timely in response to requests from public or private agencies.

2. Provide assistance to data sources and users in the areas of database design, survey design, sampling procedures, statistical interpretation, and data access to promote improved health-care-related data sets.
3. Identify health care data gaps and provide technical assistance to other public or private organizations for meeting documented health care data needs.

4. Assist other organizations in developing statistical abstracts of their data sets that could be used by the center.

5. Provide statistical support to state agencies with regard to the use of databases maintained by the center.

6. To the extent possible, respond to multiple requests for information not currently collected by the center or available from other sources by initiating data collection.

7. Maintain detailed information on data maintained by other local, state, federal, and private agencies in order to advise those who use the center of potential sources of data which are requested but which are not available from the center.

8. Respond to requests for data which are not available in published form by initiating special computer runs on data sets available to the center.

9. Monitor innovations in health information technology, informatics, and the exchange of health information and maintain a repository of technical resources to support the development of a health information network.

(b) The agency shall administer, manage, and monitor grants to not-for-profit organizations, regional health information organizations, public health departments, or state agencies that submit proposals for planning, implementation, or training projects to advance the development of a health
information network. Any grant contract shall be evaluated to ensure the effective outcome of the health information project.

(c) The agency shall initiate, oversee, manage, and evaluate the integration of health care data from each state agency that collects, stores, and reports on health care issues and make that data available to any health care practitioner through a state health information network.

(5) PUBLICATIONS; REPORTS; SPECIAL STUDIES.—The center shall provide for the widespread dissemination of data which it collects and analyzes. The center shall have the following publication, reporting, and special study functions:

(a) The center shall publish and make available periodically to agencies and individuals health statistics publications of general interest, including health plan consumer reports and health maintenance organization member satisfaction surveys; publications providing health statistics on topical health policy issues; publications that provide health status profiles of the people in this state; and other topical health statistics publications.

(k)(b) The center shall publish, make available, and disseminate, promptly and as widely as practicable, the results of special health surveys, including facility patient safety culture surveys, health care research, and health care evaluations conducted or supported under this section. Any publication by the center must include a statement of the
limitations on the quality, accuracy, and completeness of the data.

(c) The center shall provide indexing, abstracting, translation, publication, and other services leading to a more effective and timely dissemination of health care statistics.

(d) The center shall be responsible for publishing and disseminating an annual report on the center's activities.

(e) The center shall be responsible, to the extent resources are available, for conducting a variety of special studies and surveys to expand the health care information and statistics available for health policy analyses, particularly for the review of public policy issues. The center shall develop a process by which users of the center's data are periodically surveyed regarding critical data needs and the results of the survey considered in determining which special surveys or studies will be conducted. The center shall select problems in health care for research, policy analyses, or special data collections on the basis of their local, regional, or state importance; the unique potential for definitive research on the problem; and opportunities for application of the study findings.

(4) PROVIDER DATA REPORTING.—This section does not confer on the agency the power to demand or require that a health care provider or professional furnish information, records of interviews, written reports, statements, notes, memoranda, or data other than as expressly required by law. The
agency may not establish an all-payor claims database or a comparable database without express legislative authority.

(5) (7) BUDGET; FEES.—

(a) The Legislature intends that funding for the Florida Center for Health Information and Policy Analysis be appropriated from the General Revenue Fund.

(b) The Florida Center for Health Information and Transparency Policy Analysis may apply for and receive and accept grants, gifts, and other payments, including property and services, from any governmental or other public or private entity or person and make arrangements as to the use of same, including the undertaking of special studies and other projects relating to health-care-related topics. Funds obtained pursuant to this paragraph may not be used to offset annual appropriations from the General Revenue Fund.

(b) (c) The center may charge such reasonable fees for services as the agency prescribes by rule. The established fees may not exceed the reasonable cost for such services. Fees collected may not be used to offset annual appropriations from the General Revenue Fund.

(6) (8) STATE CONSUMER HEALTH INFORMATION AND POLICY ADVISORY COUNCIL.—

(a) There is established in the agency the State Consumer Health Information and Policy Advisory Council to assist the center in reviewing the comprehensive health information system, including the identification, collection, standardization,
 sharing, and coordination of health-related data, fraud and abuse data, and professional and facility licensing data among federal, state, local, and private entities and to recommend improvements for purposes of public health, policy analysis, and transparency of consumer health care information. The council shall consist of the following members:

1. An employee of the Executive Office of the Governor, to be appointed by the Governor.
2. An employee of the Office of Insurance Regulation, to be appointed by the director of the office.
3. An employee of the Department of Education, to be appointed by the Commissioner of Education.
4. Ten persons, to be appointed by the Secretary of Health Care Administration, representing other state and local agencies, state universities, business and health coalitions, local health councils, professional health-care-related associations, consumers, and purchasers.

(b) Each member of the council shall be appointed to serve for a term of 2 years following the date of appointment, except the term of appointment shall end 3 years following the date of appointment for members appointed in 2003, 2004, and 2005. A vacancy shall be filled by appointment for the remainder of the term, and each appointing authority retains the right to reappoint members whose terms of appointment have expired.
(c) The council may meet at the call of its chair, at the request of the agency, or at the request of a majority of its membership, but the council must meet at least quarterly. 

(d) Members shall elect a chair and vice chair annually. 

(e) A majority of the members constitutes a quorum, and the affirmative vote of a majority of a quorum is necessary to take action. 

(f) The council shall maintain minutes of each meeting and shall make such minutes available to any person. 

(g) Members of the council shall serve without compensation but shall be entitled to receive reimbursement for per diem and travel expenses as provided in s. 112.061. 

(h) The council's duties and responsibilities include, but are not limited to, the following: 

1. To develop a mission statement, goals, and a plan of action for the identification, collection, standardization, sharing, and coordination of health-related data across federal, state, and local government and private sector entities. 

2. To develop a review process to ensure cooperative planning among agencies that collect or maintain health-related data. 

3. To create ad hoc issue-oriented technical workgroups on an as-needed basis to make recommendations to the council. 

APPLICATION TO OTHER AGENCIES. Nothing in this section shall limit, restrict, affect, or control the collection, analysis, release, or publication of data by any
state agency pursuant to its statutory authority, duties, or responsibilities.

Section 3. Subsection (1) of section 408.061, Florida Statutes, is amended to read:

408.061 Data collection; uniform systems of financial reporting; information relating to physician charges; confidential information; immunity.—

(1) The agency shall require the submission by health care facilities, health care providers, and health insurers of data necessary to carry out the agency's duties and to facilitate transparency in health care pricing data and quality measures.

Specifications for data to be collected under this section shall be developed by the agency and applicable contract vendors, with the assistance of technical advisory panels including representatives of affected entities, consumers, purchasers, and such other interested parties as may be determined by the agency.

(a) Data submitted by health care facilities, including the facilities as defined in chapter 395, shall include, but are not limited to: case-mix data, patient admission and discharge data, hospital emergency department data which shall include the number of patients treated in the emergency department of a licensed hospital reported by patient acuity level, data on hospital-acquired infections as specified by rule, data on complications as specified by rule, data on readmissions as specified by rule, with patient and provider-specific

identifiers included, actual charge data by diagnostic groups or other bundled groupings as specified by rule, facility patient safety culture surveys, financial data, accounting data, operating expenses, expenses incurred for rendering services to patients who cannot or do not pay, interest charges, depreciation expenses based on the expected useful life of the property and equipment involved, and demographic data. The agency shall adopt nationally recognized risk adjustment methodologies or software consistent with the standards of the Agency for Healthcare Research and Quality and as selected by the agency for all data submitted as required by this section. Data may be obtained from documents such as, but not limited to: leases, contracts, debt instruments, itemized patient statements or bills, medical record abstracts, and related diagnostic information. Reported data elements shall be reported electronically in accordance with rule 59E-7.012, Florida Administrative Code. Data submitted shall be certified by the chief executive officer or an appropriate and duly authorized representative or employee of the licensed facility that the information submitted is true and accurate.

(b) Data to be submitted by health care providers may include, but are not limited to: professional organization and specialty board affiliations, Medicare and Medicaid participation, types of services offered to patients, actual charges to patients as specified by rule, amount of revenue and expenses of the health care provider, and such other data which
Amendment No.

are reasonably necessary to study utilization patterns. Data submitted shall be certified by the appropriate duly authorized representative or employee of the health care provider that the information submitted is true and accurate.

(c) Data to be submitted by health insurers may include, but are not limited to: claims, payments to health care facilities and health care providers as specified by rule, premium, administration, and financial information. Data submitted shall be certified by the chief financial officer, an appropriate and duly authorized representative, or an employee of the insurer that the information submitted is true and accurate. Information that is considered trade secret under s. 812.081 shall be clearly designated.

(d) Data required to be submitted by health care facilities, health care providers, or health insurers may not include specific provider contract reimbursement information. However, such specific provider reimbursement data shall be reasonably available for onsite inspection by the agency as is necessary to carry out the agency's regulatory duties. Any such data obtained by the agency as a result of onsite inspections may not be used by the state for purposes of direct provider contracting and are confidential and exempt from the provisions of s. 119.07(1) and s. 24(a), Art. I of the State Constitution.

(e) A requirement to submit data shall be adopted by rule if the submission of data is being required of all members of
any type of health care facility, health care provider, or health insurer. Rules are not required, however, for the submission of data for a special study mandated by the Legislature or when information is being requested for a single health care facility, health care provider, or health insurer.

Section 4. Subsections (8), (9), and (10) of section 408.810, Florida Statutes, are renumbered as subsections (9), (10), and (11), respectively, and a new subsection (8) is added to that section to read:

408.810 Minimum licensure requirements.—In addition to the licensure requirements specified in this part, authorizing statutes, and applicable rules, each applicant and licensee must comply with the requirements of this section in order to obtain and maintain a license.

(8) Each licensee subject to s. 408.05(3)(d) shall submit the patient safety culture survey or surveys to the agency in accordance with applicable rules.

Section 5. Section 456.0575, Florida Statutes, is amended to read:

456.0575 Duty to notify patients.—

(1) Every licensed health care practitioner shall inform each patient, or an individual identified pursuant to s. 765.401(1), in person about adverse incidents that result in serious harm to the patient. Notification of outcomes of care that result in harm to the patient under this section does shall
not constitute an acknowledgment of admission of liability, nor can such notifications be introduced as evidence.

(2) Every licensed health care practitioner shall provide upon request by a patient, before providing any nonemergency medical services in a facility licensed under chapter 395, a written, good faith estimate of reasonably anticipated charges to treat the patient's condition at the facility. The health care practitioner must provide the estimate to the patient within 7 business days after receiving the request and is not required to adjust the estimate for any potential insurance coverage. The health care practitioner must inform the patient that he or she may contact his or her health insurer or health maintenance organization for additional information concerning cost-sharing responsibilities. The health care practitioner must provide information to uninsured patients and insured patients for whom the practitioner is not a network provider or preferred provider which discloses the practitioner's financial assistance policy, including the application process, payment plans, discounts, or other available assistance, and the practitioner's charity care policy and collection procedures. Such estimate does not preclude the actual charges from exceeding the estimate. Failure to provide the estimate in accordance with this subsection shall result in disciplinary action against the health care practitioner and a daily fine of $500 until the estimate is provided to the patient. The total fine may not exceed $5,000.
Section 6. Section 627.6385, Florida Statutes, is created to read:

627.6385 Disclosures to policyholders; calculations of cost sharing.—

(1) Each health insurer shall make available on its website:

(a) A method for policyholders to estimate their copayments, deductibles, and other cost-sharing responsibilities for health care services and procedures. Such method of making an estimate shall be based on service bundles established pursuant to s. 408.05(3)(c). Estimates do not preclude the actual copayment, coinsurance percentage, or deductible, whichever is applicable, from exceeding the estimate.

1. Estimates shall be calculated according to the policy and known plan usage during the coverage period.

2. Estimates shall be made available based on providers that are in-network and out-of-network.

3. A policyholder must be able to create estimates by any combination of the service bundles established pursuant to s. 408.05(3)(c), a specified provider, or a comparison of providers.

(b) A method for policyholders to estimate their copayments, deductibles, and other cost-sharing responsibilities based on a personalized estimate of charges received from a facility pursuant to s. 395.301 or a practitioner pursuant to s. 456.0575.
(c) A hyperlink to the health information, including, but not limited to, service bundles and quality of care information, which is disseminated by the Agency for Health Care Administration pursuant to s. 408.05(3).

(2) Each health insurer shall include in every policy delivered or issued for delivery to any person in the state or in materials provided as required by s. 627.64725 notice that the information required by this section is available electronically and the address of the website where the information can be accessed.

(3) Each health insurer that participates in the state group health insurance plan created under s. 110.123 or Medicaid managed care pursuant to part IV of chapter 409 shall contribute all claims data from Florida policyholders held by the insurer and its affiliates to the contracted vendor selected by the Agency for Health Care Administration under s. 408.05(3)(c).

Each insurer and its affiliates shall not contribute claims data to the contracted vendor which reflect coverage for the following benefits:

(a) Coverage only for accident, or disability income insurance, or any combination thereof.

(b) Coverage issued as a supplement to liability insurance.

(c) Liability insurance, including general liability insurance and automobile liability insurance.

(d) Workers’ compensation or similar insurance.
Amendment No.

(e) Automobile medical payment insurance.

(f) Credit-only insurance.

(g) Coverage for onsite medical clinics, including prepaid health clinics under part II of chapter 641.

(h) Limited scope dental or vision benefits.

(i) Benefits for long-term care, nursing home care, home health care, community-based care, or any combination thereof.

Section 7. Subsection (6) of section 641.54, Florida Statutes, is amended, present subsection (7) is renumbered as subsection (8) and amended, and a new subsection (7) is added to that section, to read:

641.54 Information disclosure.—

(6) Each health maintenance organization shall make available to its subscribers on its website or by request the estimated copayment, coinsurance percentage, or deductible, whichever is applicable, for any covered services as described by the searchable bundles established on a consumer-friendly, Internet-based platform pursuant to s. 408.05(3)(c) or as described by a personalized estimate received from a facility pursuant to s. 395.301 or a practitioner pursuant to s. 456.0575, the status of the subscriber's maximum annual out-of-pocket payments for a covered individual or family, and the status of the subscriber's maximum lifetime benefit. Such estimate does not preclude the actual copayment, coinsurance percentage, or deductible, whichever is applicable, from exceeding the estimate.
(7) Each health maintenance organization that participates in the state group health insurance plan created under s. 110.123 or Medicaid managed care pursuant to part IV of chapter 409 shall contribute all claims data from Florida subscribers held by the organization and its affiliates to the contracted vendor selected by the Agency for Health Care Administration under s. 408.05(3)(c). Each health maintenance organization and its affiliates shall not contribute claims data to the contracted vendor which reflect coverage for the following benefits:

(a) Coverage only for accident, or disability income insurance, or any combination thereof.

(b) Coverage issued as a supplement to liability insurance.

(c) Liability insurance, including general liability insurance and automobile liability insurance.

(d) Workers’ compensation or similar insurance.

(e) Automobile medical payment insurance.

(f) Credit-only insurance.

(g) Coverage for onsite medical clinics, including prepaid health clinics under part II of chapter 641.

(h) Limited scope dental or vision benefits.

information performance outcome and financial data that is 
disseminated published by the Agency for Health Care 
Administration pursuant to s. 408.05(3) 408.05(3)(k) and shall 
include in every policy delivered or issued for delivery to any 
person in the state or in any materials provided as required by 
s. 627.64725 notice that such information is available 
electronically and the address of its Internet website.

Section 8. Paragraph (n) is added to subsection (2) of 
section 409.967, Florida Statutes, to read:

409.967 Managed care plan accountability.—
(2) The agency shall establish such contract requirements 
as are necessary for the operation of the statewide managed care 
program. In addition to any other provisions the agency may deem 
necessary, the contract must require:
(n) Transparency.—Managed care plans shall comply with ss. 
627.6385(3) and 641.54(7).

Section 9. Paragraph (d) of subsection (3) of section 
110.123, Florida Statutes, is amended to read:

110.123 State group insurance program.—
(3) STATE GROUP INSURANCE PROGRAM.—
(d)1. Notwithstanding the provisions of chapter 287 and 
the authority of the department, for the purpose of protecting 
the health of, and providing medical services to, state 
employees participating in the state group insurance program, 
the department may contract to retain the services of 
professional administrators for the state group insurance

program. The agency shall follow good purchasing practices of state procurement to the extent practicable under the circumstances.

2. Each vendor in a major procurement, and any other vendor if the department deems it necessary to protect the state's financial interests, shall, at the time of executing any contract with the department, post an appropriate bond with the department in an amount determined by the department to be adequate to protect the state's interests but not higher than the full amount estimated to be paid annually to the vendor under the contract.

3. Each major contract entered into by the department pursuant to this section shall contain a provision for payment of liquidated damages to the department for material noncompliance by a vendor with a contract provision. The department may require a liquidated damages provision in any contract if the department deems it necessary to protect the state's financial interests.

4. Section The provisions of s. 120.57(3) applies apply to the department's contracting process, except:
   a. A formal written protest of any decision, intended decision, or other action subject to protest shall be filed within 72 hours after receipt of notice of the decision, intended decision, or other action.
   b. As an alternative to any provision of s. 120.57(3), the department may proceed with the bid selection or contract award
process if the director of the department sets forth, in
writing, particular facts and circumstances that demonstrate the necessity of continuing the procurement process or the contract award process in order to avoid a substantial disruption to the provision of any scheduled insurance services.

5. The department shall make arrangements as necessary to contribute claims data of the state group health insurance plan to the contracted vendor selected by the Agency for Health Care Administration pursuant to s. 408.05(3)(c).

6. Each contracted vendor for the state group health insurance plan shall contribute Florida claims data to the contracted vendor selected by the Agency for Health Care Administration pursuant to s. 408.05(3)(c).

Section 10. Subsection (3) of section 20.42, Florida Statutes, is amended to read:

20.42 Agency for Health Care Administration.—
(3) The department shall be the chief health policy and planning entity for the state. The department is responsible for health facility licensure, inspection, and regulatory enforcement; investigation of consumer complaints related to health care facilities and managed care plans; the implementation of the certificate of need program; the operation of the Florida Center for Health Information and Transparency Policy Analysis; the administration of the Medicaid program; the administration of the contracts with the Florida Healthy Kids Corporation; the certification of health maintenance
organizations and prepaid health clinics as set forth in part III of chapter 641; and any other duties prescribed by statute or agreement.

Section 11. Paragraph (c) of subsection (4) of section 381.026, Florida Statutes, is amended to read:

381.026 Florida Patient's Bill of Rights and Responsibilities.—

(4) RIGHTS OF PATIENTS.—Each health care facility or provider shall observe the following standards:

(c) Financial information and disclosure.—

1. A patient has the right to be given, upon request, by the responsible provider, his or her designee, or a representative of the health care facility full information and necessary counseling on the availability of known financial resources for the patient's health care.

2. A health care provider or a health care facility shall, upon request, disclose to each patient who is eligible for Medicare, before treatment, whether the health care provider or the health care facility in which the patient is receiving medical services accepts assignment under Medicare reimbursement as payment in full for medical services and treatment rendered in the health care provider's office or health care facility.

3. A primary care provider may publish a schedule of charges for the medical services that the provider offers to patients. The schedule must include the prices charged to an uninsured person paying for such services by cash, check, credit
card, or debit card. The schedule must be posted in a
conspicuous place in the reception area of the provider's office
and must include, but is not limited to, the 50 services most
frequently provided by the primary care provider. The schedule
may group services by three price levels, listing services in
each price level. The posting must be at least 15 square feet in
size. A primary care provider who publishes and maintains a
schedule of charges for medical services is exempt from the
license fee requirements for a single period of renewal of a
professional license under chapter 456 for that licensure term
and is exempt from the continuing education requirements of
chapter 456 and the rules implementing those requirements for a
single 2-year period.

4. If a primary care provider publishes a schedule of
charges pursuant to subparagraph 3., he or she must continually
post it at all times for the duration of active licensure in
this state when primary care services are provided to patients.
If a primary care provider fails to post the schedule of charges
in accordance with this subparagraph, the provider shall be
required to pay any license fee and comply with any continuing
education requirements for which an exemption was received.

5. A health care provider or a health care facility shall,
upon request, furnish a person, before the provision of medical
services, a reasonable estimate of charges for such services.
The health care provider or the health care facility shall
provide an uninsured person, before the provision of a planned
nonemergency medical service, a reasonable estimate of charges for such service and information regarding the provider's or facility's discount or charity policies for which the uninsured person may be eligible. Such estimates by a primary care provider must be consistent with the schedule posted under subparagraph 3. Estimates shall, to the extent possible, be written in language comprehensible to an ordinary layperson. Such reasonable estimate does not preclude the health care provider or health care facility from exceeding the estimate or making additional charges based on changes in the patient's condition or treatment needs.

6. Each licensed facility, except a facility operating exclusively as a state facility, not operated by the state shall make available to the public on its Internet website or by other electronic means a description of and a hyperlink link to the health information performance outcome and financial data that is disseminated published by the agency pursuant to s. 408.05(3)(k). The facility shall place a notice in the reception area that such information is available electronically and the website address. The licensed facility may indicate that the pricing information is based on a compilation of charges for the average patient and that each patient's statement or bill may vary from the average depending upon the severity of illness and individual resources consumed. The licensed facility may also indicate that the price of service is negotiable for eligible patients based upon the patient's ability to pay.
7. A patient has the right to receive a copy of an itemized statement or bill upon request. A patient has a right to be given an explanation of charges upon request.

Section 12. Paragraph (e) of subsection (2) of section 395.602, Florida Statutes, is amended to read:

395.602 Rural hospitals.—
(2) DEFINITIONS.—As used in this part, the term:
(e) "Rural hospital" means an acute care hospital licensed under this chapter, having 100 or fewer licensed beds and an emergency room, which is:
1. The sole provider within a county with a population density of up to 100 persons per square mile;
2. An acute care hospital, in a county with a population density of up to 100 persons per square mile, which is at least 30 minutes of travel time, on normally traveled roads under normal traffic conditions, from any other acute care hospital within the same county;
3. A hospital supported by a tax district or subdistrict whose boundaries encompass a population of up to 100 persons per square mile;
4. A hospital with a service area that has a population of up to 100 persons per square mile. As used in this subparagraph, the term "service area" means the fewest number of zip codes that account for 75 percent of the hospital's discharges for the most recent 5-year period, based on information available from the hospital inpatient discharge database in the Florida Center
for Health Information and Transparency Policy Analysis at the agency; or

5. A hospital designated as a critical access hospital, as defined in s. 408.07.

Population densities used in this paragraph must be based upon the most recently completed United States census. A hospital that received funds under s. 409.9116 for a quarter beginning no later than July 1, 2002, is deemed to have been and shall continue to be a rural hospital from that date through June 30, 2021, if the hospital continues to have up to 100 licensed beds and an emergency room. An acute care hospital that has not previously been designated as a rural hospital and that meets the criteria of this paragraph shall be granted such designation upon application, including supporting documentation, to the agency. A hospital that was licensed as a rural hospital during the 2010-2011 or 2011-2012 fiscal year shall continue to be a rural hospital from the date of designation through June 30, 2021, if the hospital continues to have up to 100 licensed beds and an emergency room.

Section 13. Section 395.6025, Florida Statutes, is amended to read:

395.6025 Rural hospital replacement facilities.— Notwithstanding the provisions of s. 408.036, a hospital defined as a statutory rural hospital in accordance with s. 395.602, or a not-for-profit operator of rural hospitals, is not required to
obtain a certificate of need for the construction of a new hospital located in a county with a population of at least 15,000 but no more than 18,000 and a density of fewer than 30 persons per square mile, or a replacement facility, provided that the replacement, or new, facility is located within 10 miles of the site of the currently licensed rural hospital and within the current primary service area. As used in this section, the term "service area" means the fewest number of zip codes that account for 75 percent of the hospital's discharges for the most recent 5-year period, based on information available from the hospital inpatient discharge database in the Florida Center for Health Information and Transparency Policy Analysis at the Agency for Health Care Administration.

Section 14. Paragraph (c) of subsection (4) of section 400.991, Florida Statutes, is amended to read:

400.991 License requirements; background screenings; prohibitions.—

(4) In addition to the requirements of part II of chapter 408, the applicant must file with the application satisfactory proof that the clinic is in compliance with this part and applicable rules, including:

(c) Proof of financial ability to operate as required under s. 408.810(9) 408.810(8). As an alternative to submitting proof of financial ability to operate as required under s. 408.810(8), the applicant may file a surety bond of at least $500,000 which guarantees that the clinic will act in full
conformity with all legal requirements for operating a clinic, payable to the agency. The agency may adopt rules to specify related requirements for such surety bond.

Section 15. Paragraph (d) of subsection (43) of section 408.07, Florida Statutes, is amended to read:

408.07 Definitions.—As used in this chapter, with the exception of ss. 408.031-408.045, the term:

(43) "Rural hospital" means an acute care hospital licensed under chapter 395, having 100 or fewer licensed beds and an emergency room, and which is:

(d) A hospital with a service area that has a population of 100 persons or fewer per square mile. As used in this paragraph, the term "service area" means the fewest number of zip codes that account for 75 percent of the hospital's discharges for the most recent 5-year period, based on information available from the hospital inpatient discharge database in the Florida Center for Health Information and Transparency Policy Analysis at the Agency for Health Care Administration; or

Population densities used in this subsection must be based upon the most recently completed United States census. A hospital that received funds under s. 409.9116 for a quarter beginning no later than July 1, 2002, is deemed to have been and shall continue to be a rural hospital from that date through June 30, 2015, if the hospital continues to have 100 or fewer licensed beds.

1260 Section 16. Paragraph (a) of subsection (4) of section
1261 408.18, Florida Statutes, is amended to read:
1262 408.18 Health Care Community Antitrust Guidance Act;
1263 antitrust no-action letter; market-information collection and
1264 education.—
1265
1266 (4)(a) Members of the health care community who seek
1267 antitrust guidance may request a review of their proposed
1268 business activity by the Attorney General's office. In
1269 conducting its review, the Attorney General's office may seek
1270 whatever documentation, data, or other material it deems
1271 necessary from the Agency for Health Care Administration, the
1272 Florida Center for Health Information and Transparency Policy

1279 agencies, home medical equipment providers, and health care
1280 clinics.—
Committee/Subcommittee Amendment

Bill No. CS/HB 1175 (2016)

Amendment No.

(1) An applicant for initial licensure, or initial licensure due to a change of ownership, as a home health agency, home medical equipment provider, or health care clinic shall:

(a) Demonstrate financial ability to operate, as required under s. 408.810(9) and this section. If the applicant's assets, credit, and projected revenues meet or exceed projected liabilities and expenses, and the applicant provides independent evidence that the funds necessary for startup costs, working capital, and contingency financing exist and will be available as needed, the applicant has demonstrated the financial ability to operate.

All documents required under this subsection must be prepared in accordance with generally accepted accounting principles and may be in a compilation form. The financial statements must be signed by a certified public accountant.

Section 18. Section 408.820, Florida Statutes, is amended to read:

408.820 Exemptions.—Except as prescribed in authorizing statutes, the following exemptions shall apply to specified requirements of this part:

(1) Laboratories authorized to perform testing under the Drug-Free Workplace Act, as provided under ss. 112.0455 and 440.102, are exempt from s. 408.810(5)-(11).

(2) Birth centers, as provided under chapter 383, are exempt from s. 408.810(7)-(11).
(3) Abortion clinics, as provided under chapter 390, are exempt from s. 408.810(7)-(11).

(4) Crisis stabilization units, as provided under parts I and IV of chapter 394, are exempt from s. 408.810(9)-(11).

(5) Short-term residential treatment facilities, as provided under parts I and IV of chapter 394, are exempt from s. 408.810(9)-(11).

(6) Residential treatment facilities, as provided under part IV of chapter 394, are exempt from s. 408.810(9)-(11).

(7) Residential treatment centers for children and adolescents, as provided under part IV of chapter 394, are exempt from s. 408.810(9)-(11).

(8) Hospitals, as provided under part I of chapter 395, are exempt from s. 408.810(7), (9), and (10).

(9) Ambulatory surgical centers, as provided under part I of chapter 395, are exempt from s. 408.810(7), (9), (10), and (11).

(10) Mobile surgical facilities, as provided under part I of chapter 395, are exempt from s. 408.810(7)-(11).

(11) Health care risk managers, as provided under part I of chapter 395, are exempt from ss. 408.806(7), 408.810(4)-(11), and 408.811.
