(1) When a student enrolls in a public school in this
state, the district school board shall request that the student
provide his or her social security number and shall indicate
whether the student identification number assigned to the

18 assignment of student identification numbers to avoid
19 duplication of any student identification number.

20 (2) The department shall establish a process for assigning
21 a Florida student identification number to each student in the
22 state, at which time a school district may not use social
23 security numbers as student identification numbers in its
24 management information systems.

25 (3) Beginning with the 2021-2022 school year, any student
26 identification card issued by a public school to students in
27 grades 6 through 12 must include the telephone numbers for
28 national or statewide crisis and suicide hotlines and text
