# QUINNIPIAC UNIVERSITY POLL

---

**FOR RELEASE: NOVEMBER 21, 2013**

## **FLORIDA'S SCOTT STARTS REELECTION YEAR 7 POINTS DOWN, QUINNIPIAC UNIVERSITY POLL FINDS; VOTERS DIVIDED ON MARIJUANA FOR FUN, BUT BACK MED USE 5-1**

Florida Gov. Rick Scott, the Republican, enters his reelection year trailing former Gov. Charlie Crist, the Republican-turned independent-turned Democrat, 47 – 40 percent, according to a Quinnipiac University poll released today.

This compares to a 47 – 37 percent Crist lead in a June 18 survey by the independent Quinnipiac (KWIN-uh-pe-ack) University, and a 50 – 34 percent Crist lead in March.

Gov. Scott gets a negative 42 – 47 percent job approval rating, compared to a 43 – 44 percent score June 18, Scott's best score ever. Voters approve 53 – 36 percent of the job Crist did as governor.

Scott tops Democrat Nan Rich 43 – 35 percent. In a Democratic primary, Crist tops Rich 60 – 12 percent.

Scott does not deserve to be reelected, voters say 53 – 37 percent. Saying no to four more years are Democrats, 83 – 9 percent, and independent voters, 56 – 36 percent. Republicans say yes 70 – 20 percent. Women say no, 57 – 32 percent, and men agree, 49 – 43 percent.

In the matchup with Crist, Scott takes Republicans 80 – 11 percent while Crist takes Democrats 86 – 4 percent. Independent voters go 44 percent for Crist and 41 percent for Scott.

“Former Gov. Charlie Crist remains ahead in the race to be the state's next governor, but his lead over incumbent Gov. Rick Scott has narrowed since March,” said Peter Brown, assistant director of the Quinnipiac University Polling Institute.

“But Crist still does better among Democrats than Scott does among Republicans and holds his own among independents. The winner will be the one who does best among his own partisans and carries independents.”

**-more-**

## Quinnipiac University Poll/November 21, 2013 – page 2

Florida voters are divided 46 – 46 percent on whether Crist’s party shifts are positive or negative.

These same voters say 49 – 38 percent that Scott is not honest and trustworthy.

Voters disapprove 46 – 36 percent of the way Scott is handling the state budget, but they are divided 43 – 44 percent on whether the budget is fair to them.

“Voters currently think Crist was a good governor and are evenly split on whether they see his party switching as evidence he is a pragmatist or lacks core beliefs,” Brown said. “To catch Crist, Scott is going to have to convince Florida voters that Crist was a bad governor and a political opportunist.

“And he is planning on spending tens of millions of dollars on television adds to make that argument. This will be an intensely negative campaign on both sides. The survivor will be the candidate voters dislike least on Election Day.”

### Marijuana Use

Florida voters support 82 – 16 percent allowing adults to legally use marijuana for medical use if it is prescribed by a doctor. Support is overwhelming among every group surveyed, ranging from 70 – 26 percent among Republicans to 90 – 10 percent among voters 18 to 29 years old.

Voters are divided 48 – 46 percent on allowing adults to legally possess small amounts of marijuana for personal use. There is a gender gap as men support so-called “recreational use” 52 – 44 percent, while women are opposed by a small 49 – 44 percent margin.

“If the folks who want to legalize medical marijuana in Florida can get their proposal on the ballot, they are overwhelmingly favored to prevail next November,” Brown said.

Florida voters continue to support the “Stand Your Ground” law 60 – 34 percent. Support is 66 – 29 percent among white voters and 56 – 36 percent among Hispanic voters, with black voters opposed 56 – 35 percent.

From November 12 – 17, Quinnipiac University surveyed 1,646 registered voters with a margin of error of +/- 2.4 percentage points.

The Quinnipiac University Poll, directed by Douglas Schwartz, Ph.D., conducts public opinion surveys in Pennsylvania, New York, New Jersey, Connecticut, Florida, Ohio, Virginia, Iowa, Colorado and the nation as a public service and for research.
