Section 1. This act may be cited as the "Prescription Drug Reform Act."

Section 2. Subsection (29) is added to section 499.005, Florida Statutes, to read:

499.005 Prohibited acts.—It is unlawful for a person to perform or cause the performance of any of the following acts in

281818

11 this state:

12 (29) Failure to accurately complete and timely submit  
13 reportable drug price increase forms, reports, and documents as  
14 required by s. 499.026 and rules adopted thereunder.

15 Section 3. Subsection (16) is added to section 499.012,  
16 Florida Statutes, to read:

17 499.012 Permit application requirements.—

18 (16) A permit for a prescription drug manufacturer or a  
19 nonresident prescription drug manufacturer is subject to the  
20 requirements of s. 499.026.

21 Section 4. Section 499.026, Florida Statutes, is created to  
22 read:

23 499.026 Notification of manufacturer prescription drug  
24 price increases.—

25 (1) As used in this section, the term:

26 (a) "Course of therapy" means the recommended daily dose  
27 units of a prescription drug pursuant to its prescribing label  
28 for 30 days or the recommended daily dose units of a  
29 prescription drug pursuant to its prescribing label for a normal  
30 course of treatment which is less than 30 days.

31 (b) "Manufacturer" means a person holding a prescription  
32 drug manufacturer permit or a nonresident prescription drug  
33 manufacturer permit under s. 499.01.

34 (c) "Prescription drug" has the same meaning as in s.  
35 499.003 and includes biological products but is limited to those  
36 prescription drugs and biological products intended for human  
37 use.

38 (d) "Reportable drug price increase" means, for a  
39 prescription drug with a wholesale acquisition cost of at least

281818

40 \$100 for a course of therapy before the effective date of an  
41 increase:

42 1. Any increase of 15 percent or more of the wholesale  
43 acquisition cost during the preceding 12-month period; or

44 2. Any cumulative increase of 30 percent or more of the  
45 wholesale acquisition cost during the preceding 3 calendar  
46 years. In calculating the 30 percent threshold, the manufacturer  
47 must base the calculation on the wholesale acquisition cost in  
48 effect at the end of the 3-year period as compared to the  
49 wholesale acquisition cost in effect at the beginning of the  
50 same 3-year period.

51 (e) "Wholesale acquisition cost" means, with respect to a  
52 prescription drug or biological product, the manufacturer's list  
53 price for the prescription drug or biological product to  
54 wholesalers or direct purchasers in the United States, not  
55 including prompt pay or other discounts, rebates, or reductions  
56 in price, for the most recent month for which the information is  
57 available, as reported in wholesale price guides or other  
58 publications of drug or biological product pricing data.

59 (2) On the effective date of a manufacturer's reportable  
60 drug price increase, the manufacturer must provide notification  
61 of each reportable drug price increase to the department on a  
62 form prescribed by the department. The form must require the  
63 manufacturer to specify all of the following:

64 (a) The proprietary and nonproprietary names of the  
65 prescription drug, as applicable.

66 (b) The wholesale acquisition cost before the reportable  
67 drug price increase.

68 (c) The dollar amount of the reportable drug price

69 increase.

70 (d) The percentage amount of the reportable drug price  
71 increase from the wholesale acquisition cost before the  
72 reportable drug price increase.

73 (e) Whether a change or an improvement in the prescription  
74 drug necessitates the reportable drug price increase.

75 (f) If a change or an improvement in the prescription drug  
76 necessitates the reportable drug price increase as reported in  
77 paragraph (e), the manufacturer must describe the change or  
78 improvement.

79 (g) The intended uses of the prescription drug.

80  
81 This subsection does not prohibit a manufacturer from notifying  
82 other parties, such as pharmacy benefit managers, of a drug  
83 price increase before the effective date of the drug price  
84 increase.

85 (3) By April 1 of each year, each manufacturer shall submit  
86 a report to the department on a form prescribed by the  
87 department. A report is not deemed to be submitted until  
88 approved by the department. The report must include all of the  
89 following:

90 (a) A list of all prescription drugs affected by a  
91 reportable drug price increase during the previous calendar year  
92 and both the dollar amount of each reportable drug price  
93 increase and the percentage increase of each reportable drug  
94 price increase relative to the previous wholesale acquisition  
95 cost of the prescription drug. The prescription drugs must be  
96 identified using their proprietary names and nonproprietary  
97 names, as applicable.

281818

98           (b) If more than one form has been filed under this section  
99 for previous reportable drug price increases, the percentage  
100 increase of the prescription drug from the earliest form filed  
101 to the most recent form filed.

102           (c) The intended uses of each prescription drug listed in  
103 the report and whether the prescription drug manufacturer  
104 benefits from market exclusivity for such drug.

105           (d) The length of time the prescription drug has been  
106 available for purchase.

107           (e) A listing of the factors contributing to each  
108 reportable drug price increase. As used in this section, the  
109 term "factors" means any of the following: research and  
110 development; manufacturing costs; advertising and marketing;  
111 whether the drug has more competitive value; an increased rate  
112 of inflation or other economic dynamics; changes in market  
113 dynamics; supporting regulatory and safety commitments;  
114 operating patient assistance and educational programs; rebate  
115 increases, including any rebate increase requested by a pharmacy  
116 benefit manager; Medicaid, Medicare, or 340B Drug Pricing  
117 Program offsets; profit; or other factors. An estimated  
118 percentage of the influence of each listed factor must be  
119 provided to equal 100 percent.

120           (f) A description of the justification for each factor  
121 referenced in paragraph (e) must be provided with such  
122 specificity as to explain the need or justification for each  
123 reportable drug price increase. The department may request  
124 additional information from a manufacturer relating to the need  
125 or justification for any reportable drug price increase before  
126 approving the manufacturer's report.

127 (g) Any action that the manufacturer has filed to extend a  
128 patent report after the first extension has been granted.

129 (4) (a) The department shall submit all forms and reports  
130 submitted by manufacturers to the Agency for Health Care  
131 Administration, to be posted on the agency's website pursuant to  
132 s. 408.062. The agency may not post on its website any of the  
133 information provided pursuant to paragraph (2) (f), paragraph  
134 (3) (f), or paragraph (3) (g) which is marked as a trade secret.  
135 The agency shall compile all information from the forms and  
136 reports submitted by manufacturers and make it available upon  
137 request to the Governor, the President of the Senate, and the  
138 Speaker of the House of Representatives.

139 (b) Except for information provided pursuant to paragraph  
140 (2) (f), paragraph (3) (f), or paragraph (3) (g), a manufacturer  
141 may not claim a public records exemption for a trade secret  
142 under s. 119.0715 for any information required by the department  
143 under this section. Department employees remain protected from  
144 liability for release of forms and reports pursuant to s.  
145 119.0715(4).

146 (5) The department, in consultation with the Agency for  
147 Health Care Administration, shall adopt rules to implement this  
148 section.

149 (a) The department shall adopt necessary emergency rules  
150 pursuant to s. 120.54(4) to implement this section. If an  
151 emergency rule adopted under this section is held to be  
152 unconstitutional or an invalid exercise of delegated legislative  
153 authority and becomes void, the department may adopt an  
154 emergency rule pursuant to this section to replace the rule that  
155 has become void. If the emergency rule adopted to replace the

281818

156 void emergency rule is also held to be unconstitutional or an  
157 invalid exercise of delegated legislative authority and becomes  
158 void, the department must follow the nonemergency rulemaking  
159 procedures of the Administrative Procedure Act to replace the  
160 rule that has become void.

161 (b) For emergency rules adopted under this section, the  
162 department need not make the findings required under s.  
163 120.54(4) (a). Emergency rules adopted under this section are  
164 also exempt from:

165 1. Sections 120.54(3) (b) and 120.541. Challenges to  
166 emergency rules adopted under this section are subject to the  
167 time schedules provided in s. 120.56(5).

168 2. Section 120.54(4) (c) and remain in effect until replaced  
169 by rules adopted under the nonemergency rulemaking procedures of  
170 the Administrative Procedure Act.

515 average wholesale price or wholesale acquisition cost.

516           (d) "Covered person" means a person covered by,  
517 participating in, or receiving the benefit of a pharmacy

281818

533 (g) "Effective rate guarantee" means the minimum ingredient

545 distributors, and wholesale vendors.

546 (j) "Incentive payment" means a retrospective monetary  
547 payment made as a reward or recognition by the pharmacy benefits

551 Data and Information Set measures.

552 (k) "Maximum allowable cost appeal pricing adjustment"  
553 means a retrospective positive payment adjustment made to a  
554 pharmacy by the pharmacy benefits plan or program or by the

563 provide pharmacist services to covered persons on behalf of a  
564 pharmacy benefits plan or program or a group of pharmacy  
565 benefits plans or programs in exchange for payment for such  
566 services. The term includes a pharmacy that generally dispenses  
567 outpatient prescription drugs to covered persons.

568       (n) "Network reconciliation offsets" means a process during

570 and a pharmacy which allows the pharmacy benefit manager to  
571 offset an amount for overperformance or underperformance of  
572 contractual guarantees across guaranteed line items, channels,  
573 networks, or payors, as applicable.

574       (o) "Participation contract" means any agreement between a  
575 pharmacy benefit manager and pharmacy for the provision and  
576 reimbursement of pharmacist services and any exhibits,  
577 attachments, amendments, or addendums to such agreement.

578       (p) "Pass-through pricing model" means a payment model used  
579 by a pharmacy benefit manager in which the payments made by the  
580 pharmacy benefits plan or program to the pharmacy benefit  
581 manager for the covered outpatient drugs are:

582       1. Equivalent to the payments the pharmacy benefit manager  
583 makes to a dispensing pharmacy or provider for such drugs,  
584 including any contracted professional dispensing fee between the  
585 pharmacy benefit manager and its network of pharmacies. Such  
586 dispensing fee would be paid if the pharmacy benefits plan or  
587 program was making the payments directly.

588       2. Passed through in their entirety by the pharmacy  
589 benefits plan or program or by the pharmacy benefit manager to  
590 the pharmacy or provider that dispenses the drugs, and the

281818

591 payments are made in a manner that is not offset by any  
592 reconciliation.

593 (q) "Pharmacist" has the same meaning as in s. 465.003.

594 (r) "Pharmacist services" means products, goods, and  
595 services or any combination of products, goods, and services  
596 provided as part of the practice of the profession of pharmacy

601 s. 626.88.

602 (u) "Pharmacy benefits plan or program" means a plan or  
603 program that pays for, reimburses, covers the cost of, or  
604 provides access to discounts on pharmacist services provided by  
605 one or more pharmacies to covered persons who reside in, are  
606 employed by, or receive pharmacist services from this state. The  
607 term includes, but is not limited to, health maintenance  
608 organizations, health insurers, self-insured employer health  
609 plans, discount card programs, and government-funded health  
610 plans, including the Statewide Medicaid Managed Care program

612 group insurance program pursuant to part I of chapter 110.

613 (v) "Rebate" means all payments that accrue to a pharmacy  
614 benefit manager or its pharmacy benefits plan or program client  
615 or an affiliated group purchasing organization, directly or  
616 indirectly, from a pharmaceutical manufacturer, including, but  
617 not limited to, discounts, administration fees, credits,  
618 incentives, or penalties associated directly or indirectly in  
619 any way with claims administered on behalf of a pharmacy

281818

620 benefits plan or program client.

621 (w) "Spread pricing" is the practice in which a pharmacy  
622 benefit manager charges a pharmacy benefits plan or program a  
623 different amount for pharmacist services than the amount the  
624 pharmacy benefit manager reimburses a pharmacy for such  
625 pharmacist services.

626 (x) "Usual and customary price" means the amount charged to  
627 cash customers for a pharmacist service exclusive of sales tax  
628 or other amounts claimed.

629 (2) CONTRACTS BETWEEN A PHARMACY BENEFIT MANAGER AND A  
630 PHARMACY BENEFITS PLAN OR PROGRAM.—In addition to any other  
631 requirements in the Florida Insurance Code, all contractual  
632 arrangements executed, amended, adjusted, or renewed on or after  
633 July 1, 2023, which are applicable to pharmacy benefits covered  
634 on or after January 1, 2024, between a pharmacy benefit manager  
635 and a pharmacy benefits plan or program must:

636 (a) Use a pass-through pricing model, remaining consistent  
637 with the prohibition in paragraph (3) (c).

638 (b) Exclude terms that allow for the direct or indirect  
639 engagement in the practice of spread pricing unless the pharmacy  
640 benefit manager passes along the entire amount of such  
641 difference to the pharmacy benefits plan or program as allowable  
642 under paragraph (a).

643 (c) Ensure that funds received in relation to providing  
644 services for a pharmacy benefits plan or program or a pharmacy  
645 are received by the pharmacy benefit manager in trust for the  
646 pharmacy benefits plan or program or pharmacy, as applicable,  
647 and are used or distributed only pursuant to the pharmacy  
648 benefit manager's contract with the pharmacy benefits plan or

281818

649 program or with the pharmacy or as otherwise required by  
650 applicable law.

651 (d) Require the pharmacy benefit manager to pass 100  
652 percent of all prescription drug manufacturer rebates, including  
653 nonresident manufacturer rebates, received to the pharmacy  
654 benefits plan or program, if the contractual arrangement  
655 delegates the negotiation of rebates to the pharmacy benefit  
656 manager, for the sole purpose of offsetting defined cost sharing  
657 and reducing premiums of covered persons. Any excess rebate  
658 revenue after the pharmacy benefit manager and the pharmacy  
659 benefits plan or program have taken all actions required under  
660 this paragraph must be used for the sole purpose of offsetting  
661 copayments and deductibles of covered persons. This paragraph  
662 does not apply to contracts involving Medicaid managed care  
663 plans.

664 (e) Include network adequacy requirements that meet or  
665 exceed the Medicare Part D program standards for convenient  
666 access to network pharmacies set forth in 42 C.F.R. s. 423.120,  
667 and that:

668 1. Do not limit a network to solely include affiliated  
669 pharmacies;

670 2. Require a pharmacy benefit manager to offer a provider  
671 contract to licensed pharmacies physically located on the  
672 physical site of providers that are:

673 a. Within the pharmacy benefits plan's or program's  
674 geographic service area and that have been specifically  
675 designated as essential providers by the Agency for Health Care  
676 Administration pursuant to s. 409.975(1)(a);

677 b. Designated as a Cancer Center of Excellence under s.

281818

678 381.925, regardless of the pharmacy benefits plan's or program's  
679 geographic service area;

680 c. Organ transplant hospitals, regardless of the pharmacy  
681 benefits plan's or program's geographic service area;

682 d. Hospitals licensed as specialty children's hospitals as  
683 defined in s. 395.002; or

684 e. Regional perinatal intensive care centers as defined in  
685 s. 383.16(2), regardless of the pharmacy benefits plan's or  
686 program's geographic service area.

687  
688 Such provider contracts must be solely for the administration or  
689 dispensing of covered prescription drugs, including biological  
690 products, that are administered through infusions, intravenously  
691 injected, inhaled during a surgical procedure, or a covered  
692 parenteral drug, as part of onsite outpatient care;

693 3. Do not require a covered person to receive a  
694 prescription drug by United States mail, common carrier, local  
695 courier, third-party company or delivery service, or pharmacy  
696 direct delivery; unless the prescription drug cannot be acquired  
697 at any retail pharmacy in the pharmacy benefit manager's network  
698 for the covered person's pharmacy benefits plan or program. This  
699 subparagraph does not prohibit a pharmacy benefit manager from  
700 operating mail order or delivery programs on an opt-in basis at  
701 the sole discretion of a covered person;

702 4. Prohibit a requirement for a covered person to receive  
703 pharmacist services from an affiliated pharmacy or an affiliated  
704 health care provider for the in-person administration of covered  
705 prescription drugs; offering or implementing pharmacy networks  
706 that require or provide a promotional item or an incentive,

707 defined as anything other than a reduced cost-sharing amount or  
708 enhanced quantity limit allowed under the benefit design for a  
709 covered drug, to a covered person to use an affiliated pharmacy  
710 or an affiliated health care provider for the in-person  
711 administration of covered prescription drugs; or advertising,  
712 marketing, or promoting an affiliated pharmacy to covered  
713 persons. Subject to the foregoing, a pharmacy benefit manager  
714 may include an affiliated pharmacy in communications to covered  
715 persons regarding network pharmacies and prices, provided that  
716 the pharmacy benefit manager includes information, such as links  
717 to all nonaffiliated network pharmacies, in such communications  
718 and that the information provided is accurate and of equal  
719 prominence. This paragraph may not be construed to prohibit a  
720 pharmacy benefit manager from entering into an agreement with an  
721 affiliated pharmacy to provide pharmacist services to covered  
722 persons.

723 (f) Prohibit the ability of a pharmacy benefit manager to  
724 condition participation in one pharmacy network on participation  
725 in any other pharmacy network or penalize a pharmacy for  
726 exercising its prerogative not to participate in a specific  
727 pharmacy network.

728 (g) Prohibit a pharmacy benefit manager from instituting a  
729 network that requires a pharmacy to meet accreditation standards  
730 inconsistent with or more stringent than applicable federal and  
731 state requirements for licensure and operation as a pharmacy in  
732 this state. However, a pharmacy benefit manager may specify  
733 additional specialty networks that require enhanced standards  
734 related to the safety and competency necessary to meet the  
735 United States Food and Drug Administration's limited

281818

736 distribution requirements for dispensing any covered drug, on a  
737 drug-by-drug basis, that requires extraordinary special  
738 handling, provider coordination, clinical care or monitoring, or  
739 patient education when such extraordinary requirements cannot be  
740 met by a network pharmacy. For purposes of this paragraph, drugs  
741 requiring extraordinary special handling include, but are not  
742 limited to, drugs that are subject to a risk evaluation and  
743 mitigation strategy approved by the United States Food and Drug  
744 Administration; require special certification of a health care  
745 provider to prescribe, receive, dispense, or administer; require  
746 special handling due to the molecular complexity or cytotoxic  
747 properties of the biologic or biosimilar product or drug;  
748 require cold chain storage and shipping or specialized equipment  
749 to dispense; or require other conditions of a similar gravity.

750 (h)1. At a minimum, require the pharmacy benefit manager or  
751 pharmacy benefits plan or program to, upon revising its  
752 formulary of covered prescription drugs during a plan year,  
753 provide a 60-day continuity-of-care period in which the covered  
754 prescription drug that is being revised from the formulary  
755 continues to be provided at the same cost for the patient for a  
756 period of 60 days. The 60-day continuity-of-care period  
757 commences upon notification to the patient. This requirement  
758 does not apply if the covered prescription drug:

759 a. Has been approved and made available over the counter by  
760 the United States Food and Drug Administration and has entered  
761 the commercial market as such;

762 b. Has been removed or withdrawn from the commercial market  
763 by the manufacturer; or

764 c. Is subject to an involuntary recall by state or federal

281818

765 authorities and is no longer available on the commercial market.

766 2. Beginning January 1, 2024, and annually thereafter, the  
767 pharmacy benefits plan or program shall submit to the office,  
768 under the penalty of perjury, a statement attesting to its  
769 compliance with the requirements of this subsection.

770 (3) CONTRACTS BETWEEN A PHARMACY BENEFIT MANAGER AND A  
771 PARTICIPATING PHARMACY.—In addition to other requirements in the  
772 Florida Insurance Code, a participation contract executed,  
773 amended, adjusted, or renewed on or after July 1, 2023, that  
774 applies to pharmacist services on or after January 1, 2024,  
775 between a pharmacy benefit manager and one or more pharmacies or  
776 pharmacists, must include, in substantial form, terms that  
777 ensure compliance with all of the following requirements, and  
778 that, except to the extent not allowed by law, shall supersede  
779 any contractual terms in the participation contract to the  
780 contrary:

781 (a) At the time of adjudication for electronic claims or  
782 the time of reimbursement for nonelectronic claims, the pharmacy  
783 benefit manager shall provide the pharmacy with a remittance,  
784 including such detailed information as is necessary for the  
785 pharmacy or pharmacist to identify the reimbursement schedule  
786 for the specific network applicable to the claim and which is  
787 the basis used by the pharmacy benefit manager to calculate the  
788 amount of reimbursement paid. This information must include, but  
789 is not limited to, the applicable network reimbursement ID or  
790 plan ID as defined in the most current version of the National  
791 Council for Prescription Drug Programs (NCPDP) Telecommunication  
792 Standard Implementation Guide, or its nationally recognized  
793 successor industry guide. The commission shall adopt rules to

281818

794 implement this paragraph.

795 (b) The pharmacy benefit manager must ensure that any basis  
796 of reimbursement information is communicated to a pharmacy in  
797 accordance with the NCPDP Telecommunication Standard  
798 Implementation Guide, or its nationally recognized successor  
799 industry guide, when performing reconciliation for any effective  
800 rate guarantee, and that such basis of reimbursement information  
801 communicated is accurate, corresponds with the applicable  
802 network rate, and may be relied upon by the pharmacy.

803 (c) A prohibition of financial clawbacks, reconciliation  
804 offsets, or offsets to adjudicated claims. A pharmacy benefit  
805 manager may not charge, withhold, or recoup direct or indirect  
806 remuneration fees, dispensing fees, brand name or generic  
807 effective rate adjustments through reconciliation, or any other  
808 monetary charge, withholding, or recoupments as related to  
809 discounts, multiple network reconciliation offsets, adjudication  
810 transaction fees, and any other instance when a fee may be  
811 recouped from a pharmacy. This prohibition does not apply to:

812 1. Any incentive payments provided by the pharmacy benefit  
813 manager to a network pharmacy for meeting or exceeding  
814 predefined quality measures, such as Healthcare Effectiveness  
815 Data and Information Set measures; recoupment due to an  
816 erroneous claim, fraud, waste, or abuse; a claim adjudicated in  
817 error; a maximum allowable cost appeal pricing adjustment; or an  
818 adjustment made as part of a pharmacy audit pursuant to s.  
819 624.491.

820 2. Any recoupment that is returned to the state for  
821 programs in chapter 409 or the state group insurance program in  
822 s. 110.123.

281818

823 (d) A pharmacy benefit manager may not unilaterally change  
824 the terms of any participation contract.

825 (e) Unless otherwise prohibited by law, a pharmacy benefit  
826 manager may not prohibit a pharmacy or pharmacist from:

827 1. Offering mail or delivery services on an opt-in basis at  
828 the sole discretion of the covered person.

829 2. Mailing or delivering a prescription drug to a covered  
830 person upon his or her request.

831 3. Charging a shipping or handling fee to a covered person  
832 requesting a prescription drug be mailed or delivered if the  
833 pharmacy or pharmacist discloses to the covered person before  
834 the mailing or delivery the amount of the fee that will be  
835 charged and that the fee may not be reimbursable by the covered  
836 person's pharmacy benefits plan or program.

837 (f) The pharmacy benefit manager must provide a pharmacy,  
838 upon its request, a list of pharmacy benefits plans or programs  
839 in which the pharmacy is a part of the network. Updates to the  
840 list must be communicated to the pharmacy within 7 days. The  
841 pharmacy benefit manager may not restrict the pharmacy or  
842 pharmacist from disclosing this information to the public.

843 (g) The pharmacy benefit manager must ensure that the  
844 Electronic Remittance Advice contains claim level payment  
845 adjustments in accordance with the American National Standards  
846 Institute Accredited Standards Committee, X12 format, and  
847 includes or is accompanied by the appropriate level of detail  
848 for the pharmacy to reconcile any debits or credits, including,  
849 but not limited to, pharmacy NCPDP or NPI identifier, date of  
850 service, prescription number, refill number, adjustment code, if  
851 applicable, and transaction amount.

281818

852       (h) The pharmacy benefit manager shall provide a reasonable  
853 administrative appeal procedure to allow a pharmacy or  
854 pharmacist to challenge the maximum allowable cost pricing  
855 information and the reimbursement made under the maximum  
856 allowable cost as defined in s. 627.64741 for a specific drug as  
857 being below the acquisition cost available to the challenging  
858 pharmacy or pharmacist.

859       1. The administrative appeal procedure must include a  
860 telephone number and e-mail address, or a website, for the  
861 purpose of submitting the administrative appeal. The appeal may  
862 be submitted by the pharmacy or an agent of the pharmacy  
863 directly to the pharmacy benefit manager or through a pharmacy  
864 service administration organization. The pharmacy or pharmacist  
865 must be given at least 30 business days after a maximum  
866 allowable cost update or after an adjudication for an electronic  
867 claim or reimbursement for a nonelectronic claim to file the  
868 administrative appeal.

869       2. The pharmacy benefit manager must respond to the  
870 administrative appeal within 30 business days after receipt of  
871 the appeal.

872       3. If the appeal is upheld, the pharmacy benefit manager  
873 must:

874       a. Update the maximum allowable cost pricing information to  
875 at least the acquisition cost available to the pharmacy;

876       b. Permit the pharmacy or pharmacist to reverse and rebill  
877 the claim in question;

878       c. Provide to the pharmacy or pharmacist the national drug

965 provided in ss. 624.307 and 624.317. The office shall review any  
966 referral made pursuant to s. 624.307(10) and shall investigate  
967 any referral that, as determined by the Commissioner of

968 Insurance Regulation or his or her designee, reasonably  
969 indicates a possible violation of this part.

970 (2) (a) The office shall examine the business and affairs of  
971 each pharmacy benefit manager at least biennially. The biennial  
972 examination of each pharmacy benefit manager must be a

975 and all other laws or rules applicable to pharmacy benefit

989 requirements as provided in this paragraph. The office must  
990 specify the number and percentage of all examination completed  
991 within the timeframe.

992 (b) The office also may conduct additional examinations as  
993 often as it deems advisable or necessary for the purpose of  
994 ascertaining compliance with this part and any other laws or  
995 rules applicable to pharmacy benefit managers or applicants for  
996 authorization.

281818

997           (c) If a referral made pursuant to s. 624.307(10)  
998 reasonably indicates a pattern or practice of violations of this  
999 part by a pharmacy benefit manager, the office must begin an  
1000 examination of the pharmacy benefit manager or include findings  
1001 related to such referral within an ongoing examination.

1002           (d) Based on the findings of an examination that a pharmacy  
1003 benefit manager or an applicant for authorization has exhibited  
1004 a pattern or practice of knowing and willful violations of s.  
1005 626.8825 or s. 626.8827, the office may, pursuant to chapter  
1006 120, order a pharmacy benefit manager to file all contracts  
1007 between the pharmacy benefit manager and pharmacies or pharmacy  
1008 benefits plans or programs and any policies, guidelines, rules,  
1009 protocols, standard operating procedures, instructions, or  
1010 directives that govern or guide the manner in which the pharmacy  
1011 benefit manager or applicant conducts business related to such  
1012 knowing and willful violations for review and inspection for the  
1013 following 36-month period. Such documents are public records and

1015 used in this section, the term:

1017 applicable.

1018           2. "Knowing and willful" means any act of commission or  
1019 omission which is committed intentionally, as opposed to  
1020 accidentally, and which is committed with knowledge of the act's  
1021 unlawfulness or with reckless disregard as to the unlawfulness  
1022 of the act.

1023           (e) Examinations may be conducted by an independent  
1024 professional examiner under contract to the office, in which  
1025 case payment must be made directly to the contracted examiner by

1027 rates and terms agreed to by the office and the examiner. The  
1028 commission shall adopt rules providing for the types of  
1029 independent professional examiners who may conduct examinations  
1030 under this section, which types must include, but need not be  
1031 limited to, independent certified public accountants, actuaries,  
1032 investment specialists, information technology specialists, or  
1033 others meeting criteria specified by commission rule. The rules  
1034 must also require that:

1035 1. The rates charged to the pharmacy benefit manager being  
1036 examined are consistent with rates charged by other firms in a  
1037 similar profession and are comparable with the rates charged for  
1038 comparable examinations.

1039 2. The firm selected by the office to perform the  
1040 examination has no conflicts of interest which might affect its  
1041 ability to independently perform its responsibilities for the  
1042 examination.

1043 (3) In making investigations and examinations of pharmacy  
1044 benefit managers and applicants for authorization, the office  
1045 and such pharmacy benefit manager are subject to all of the  
1046 following provisions:

1047 (a) Section 624.318, as to the conduct of examinations.

1048 (b) Section 624.319, as to examination and investigation  
1049 reports.

1050 (c) Section 624.321, as to witnesses and evidence.

1051 (d) Section 624.322, as to compelled testimony.

1052 (e) Section 624.324, as to hearings.

1053 (f) Any other provision of chapter 624 applicable to the  
1054 investigation or examination of a licensee under this part.

1055 (4) (a) A pharmacy benefit manager must maintain an accurate  
1056 record of all contracts and records with all pharmacies and  
1057 pharmacy benefits plans or programs for the duration of the  
1058 contract, and for 5 years thereafter. Such contracts must be  
1059 made available to the office and kept in a form accessible to  
1060 the office.

1061 (b) The office may order any pharmacy benefit manager or  
1062 applicant to produce any records, books, files, contracts,  
1063 advertising and solicitation materials, or other information and  
1064 may take statements under oath to determine whether the pharmacy  
1065 benefit manager or applicant is in violation of the law or is  
1066 acting contrary to the public interest.

1067 (5) (a) Notwithstanding s. 624.307(3), each pharmacy benefit  
1068 manager and applicant for authorization must pay to the office  
1069 the expenses of the examination or investigation. Such expenses  
1070 include actual travel expenses, a reasonable living expense  
1071 allowance, compensation of the examiner, investigator, or other  
1072 person making the examination or investigation, and necessary  
1073 costs of the office directly related to the examination or  
1074 investigation. Such travel expenses and living expense  
1075 allowances are limited to those expenses necessarily incurred on  
1076 account of the examination or investigation and shall be paid by  
1077 the examined pharmacy benefit manager or applicant together with  
1078 compensation upon presentation by the office to such pharmacy  
1079 benefit manager or applicant of such charges and expenses after  
1080 a detailed statement has been filed by the examiner and approved  
1081 by the office.

1082 (b) All moneys collected from pharmacy benefit managers and  
1083 applicants for authorization pursuant to this subsection shall

281818

1085 office may make deposits from time to time into such fund from  
1086 moneys appropriated for the operation of the office.

1087 (c) Notwithstanding s. 112.061, the office may pay to the  
1088 examiner, investigator, or person making such examination or  
1089 investigation out of such trust fund the actual travel expenses,  
1090 reasonable living expense allowance, and compensation in  
1091 accordance with the statement filed with the office by the  
1092 examiner, investigator, or other person, as provided in  
1093 paragraph (a).

1094 (6) In addition to any other enforcement authority  
1095 available to the office, the office shall impose an  
1096 administrative fine of \$5,000 for each violation of s. 626.8825  
1097 or s. 626.8827. Each instance of a violation of such sections by  
1098 a pharmacy benefit manager against each individual pharmacy or  
1099 prescription benefits plan or program constitutes a separate  
1100 violation. Notwithstanding any other provision of law, there is  
1101 no limitation on aggregate fines issued pursuant to this  
1102 section. The proceeds from any administrative fine shall be  
1103 deposited into the General Revenue Fund.

1104 (7) Failure by a pharmacy benefit manager to pay expenses  
1105 incurred or administrative fines imposed under this section is  
1106 grounds for the denial, suspension, or revocation of its  
1107 certificate of authority.
